Summary

I'm a flexible full-stack developer who combines strong front-end skills with solid back-end expertise. I enjoy solving problems, learning new things, and working well with teams to create innovative solutions.

Project

Amazon Clone (HTML, CSS, JS)

• Successfully implemented a responsive design to ensure optimal viewing experience across various devices.
• Developed intuitive navigation and user-friendly interfaces to enhance the shopping experience.
• Implemented key e-commerce functionalities such as product listing, search, sorting, and checkout process

Image Compressor (HTML, CSS, JS, Browser Api Model)

• Created a sleek and user-friendly image compressor website to demonstrate my coding skills.
• This platform enables users to compress images effortlessly while maintaining quality.
• It serves as a practical tool while also showcasing my proficiency in developing intuitive user interfaces and optimizing user experience.
• The platform was designed to provide an efficient solution for users needing to reduce image file sizes, improving upload and download times and saving storage space without compromising on image quality.

Link shorter (React.js, Express.js, MongoDB, API's)

• Created a sleek and user-friendly e-commerce website to demonstrate my coding skills.
• This platform enables users to shorten URLs effortlessly, making them easier to share and manage.
• It serves as a practical tool while also showcasing my proficiency in developing intuitive user interfaces and optimizing user experience.
• The platform was designed to provide an efficient solution for users needing to shorten lengthy URLs, improving ease of sharing and tracking links, while maintaining reliability and performance.

Ecommerce Website (React.js, Express.js, MongoDB)

• Created a sleek and user-friendly e-commerce website to demonstrate my coding skills.
• This platform enables users to browse, select, and purchase products effortlessly.
• It serves as a practical tool while also showcasing my proficiency in developing intuitive user interfaces and optimizing user experience for online shopping.
• Developed this e-commerce website to gain and refine my coding knowledge, tackling real-world challenges and implementing advanced features to enhance my technical expertise.

Skills

Programming Languages	Java, C, C++, JavaScript
Frontend Technologies	HTML5, CSS3, Bootstrap, TailwindCSS, React-js
Backend Technologies	Node-js, express-js, Spring, Spring boot, Hibernate
Databases	SQL, MongoDB
Version Controls	Git & GitHub
Platforms/Tools	Linux, Visual Studio Code

Soft Skill

Quick Learner, Problem solver, Adaptable, Eger Learner

Education

Savitribai Phule Pune University (SPPU *University*)   *Pune, Maharashtra, India -*
BACHLOR COMPUTER APPLICATION (CURRENT CGPA: 8.14)   *2021 – 2024*

Netaji Subash Chandra Bose Collage Yerwada (HSC Board)   *Pune, Maharashtra, India -*
12th (PERCENTAGE: 79%)   *2019 – 2021*

10th (Percentage: 64%)
